

Create an adorable carrot garland

With **Janod**

Spread a small amount of glue on the back of the carrot

Glue the two cores of the same number together

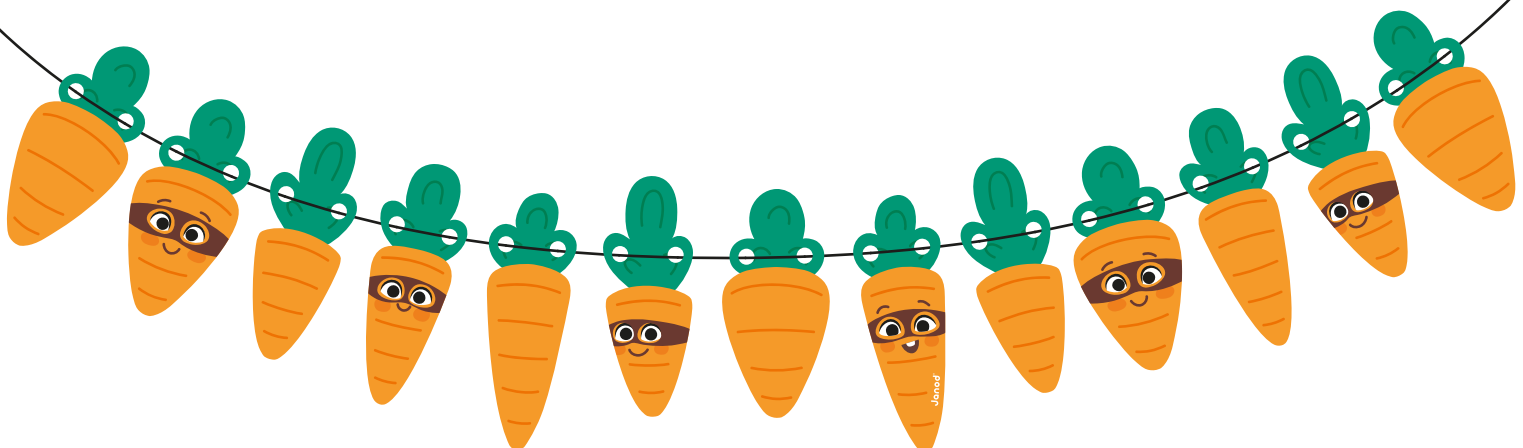

Run the wire through the holes

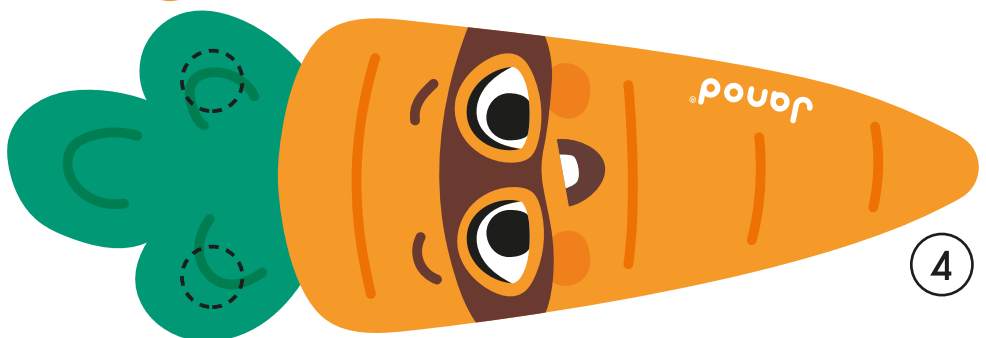

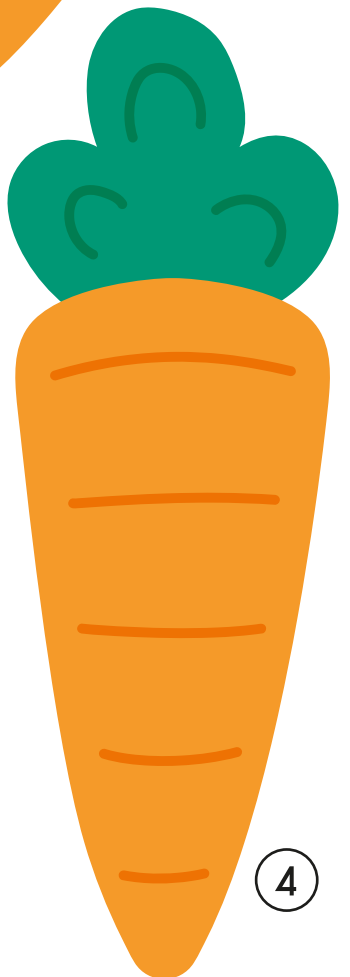

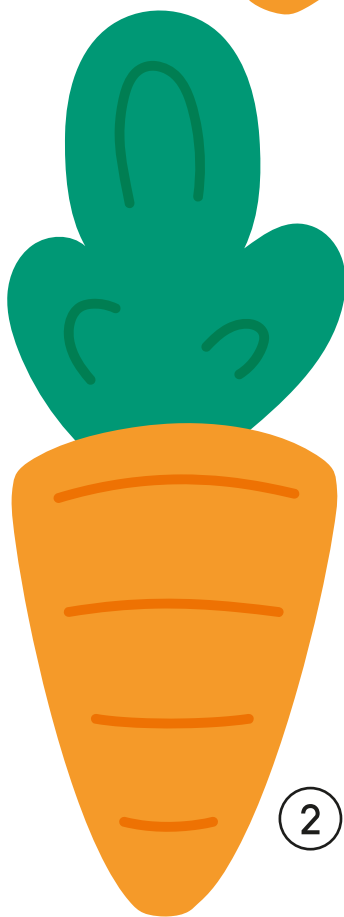

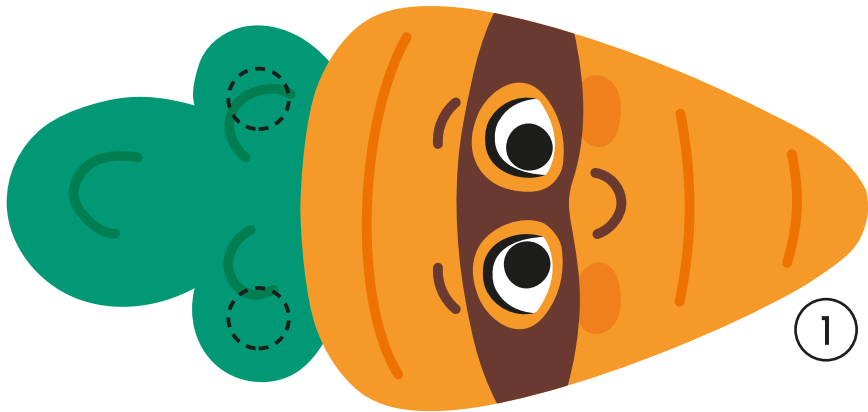

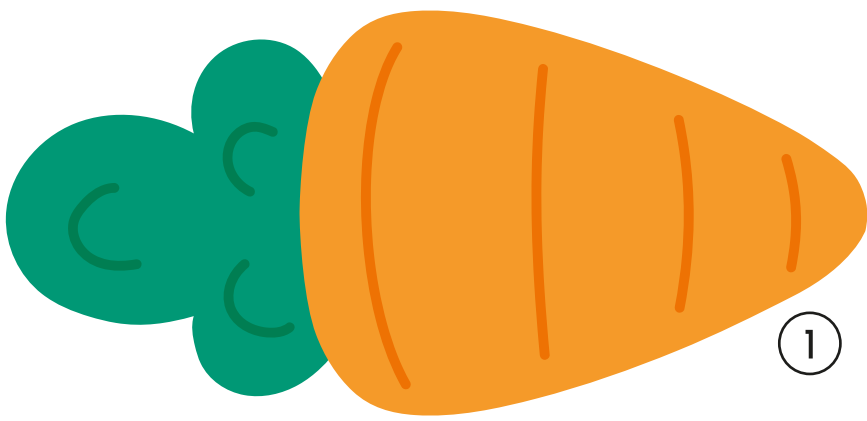

Step 1
Print out the sheets

Step 2
Cut out all of the carrots

Step 3
Glue the carrots together
(instructions on the left)

Step 4
Cut the small holes on the dotted lines and then run the thread through them. Hang your garland up and admire your creation!
