3

## Step 1

Print out the sheets

## Step 2

Cut out all the ice creams

## Step 3

Glue the back to the front to create your yummy ice creams and play with your friends or family!

### Game rules :

Place all the ice cream cards face down so no player can see which is which. The first player turns over two ice creams. If they are identical, they win the ice creams. If they are different to each other, they turn them back face down. Then it's the second player's turn! The winner is the one who wins the most pairs.
